Para World Sailing -- Forecast For Saturday, September 22

Forecast Discussion

Saturday - General Discussion

A large of area of high pressure will dominate the weather on Lake Michigan today. At 5:00 am, the center of this high was located over central Wisconsin. The high is expected to slide slowly east today and reach Lake Erie by early this evening. Clear skies are expected. After a chilly start, the high temperature will reach 60F. (The air temperature at Sheboygan lighthouse at 5:00 am was 47.7 F.)

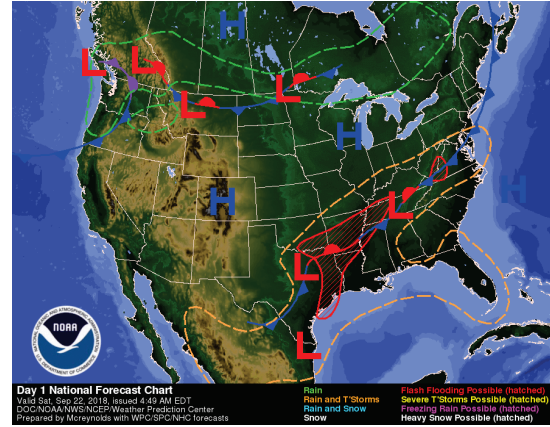

Saturday - Rain/Thunderstorms

No showers or thunderstorms are expected.

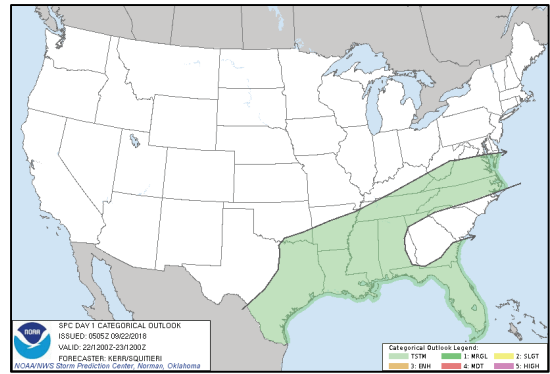

Saturday - Marine Forecast

Steadily veering winds are expected as an area of high pressure passes across Lake Michigan. Northerly at 6 to 11 knots early. Veering to northeast and weakening to 5 to 10 knots by mid-morning. Veering to easterly at 5 to 10 knots by late morning. Veering to southeasterly at 7 to 12 knots by early afternoon. Veering to southerly at 7 to 12 knots by mid to late afternoon. Gusts will be minimal today. Waves 1 to 3 feet early subsiding to 1 to 2 feet.
